## Live Surgery Course All Performed by YOU on Live Patients:

**Sinus Lift Surgery \* Advanced Bone Graft Techniques \* Ridge Split Techniques \* Implant Placement  
Piezo Surgery \* Treatment Planning Cases \* CGF Membrane, and Sticky Bone**

*This intensive 4-day Live Surgery is limited to eight clinicians and gives you the opportunity to practice innovative approaches to bone regeneration, tissue engineering, sinus lift techniques, implant placement, and other surgical procedures. Patients are pre-selected with various levels of surgical complexity and matches to your clinical skills. All surgeries are performed at the free dental clinic. All participants receive temporary work permits from Mexican Department of Health. Participants place between 15 to 35 implants depending on complexity of cases.*

### Who should take this course?

Doctors beginning to place implants or those who wish to improve surgical skills and learn advanced techniques utilized in implant placement and grafting

### Course Dates:

Sept. 12, 13, 14, 15, 2019  
December 5, 6, 7, 9, 2019**

### What will you learn?

- Implant Placement Techniques
- Piezo-electric Surgery Technique
- Centrifuge Techniques for Fibrin Membrane Preparation
- Harvesting Technique of Growth Factors
- Ridge Split Techniques with Implant Placement
- Socket Grafts
- Sinus Elevation Techniques:
  - ✓ Lateral Window
  - ✓ Crestal Membrane Elevation
- Membrane Repair Techniques
- Flap Design and Suturing Techniques

For Course Reservations Call: Martin Sanchez (650) 207-9251

**Certificate of Attendance  
32 Hours CE Credits**

Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement

**Power up your skills** By performing procedures under the supervision of our qualified faculty. You will plan and perform treatment on pre-screened patients (rather than on plastic models or on pig jaws) according to your experience and level of training. Regardless of your skill level, this course will expand your comfort zone, enabling you to incorporate new and valuable techniques into your practice. This course emphasizes real world execution from implant placement, alveolar ridge expansion, crestal and lateral wall sinus graft augmentation.

**TESTIMONIAL**

*"I Loved the Course. I placed 10 Implants my first day and feel confident I can go back to my practice and begin placing implants as part of my treatment plan"*

**Dr. Thomas F. Lee**

**TESTIMONIAL**

*"This is the best Course I ever taken. I performed three sinus lifts and two ridge splits. Wow! but most all I was able to help patients at the free dental clinic"*

**Dr. Ruben Acosta**

**TESTIMONIAL**

*"When I signed up the course I did not know what to expect. It was a great investment! I learned so much I recommend the course to anybody who wants to learn how to place dental implants"*

**Dr. Patrick A. Miller**
